

CORPORATE MEMBERSHIP PACKAGE

Many local businesses experience measurable benefits by purchasing a corporate membership. Lakewood Golf Resort's Corporate Membership offers you a unique opportunity to combine business with pleasure.

Research shows that more business deals are done on the golf course than in the office. Our Corporate Membership creates a unique opportunity to use golf as a tool to entertain clients, customers, associates, and employees.

Our newly created program provides your company the flexibility to utilize this membership the way best suited to meet your business needs! For a full description of our program please review the adjoining information or if you have any further questions, please contact CPGA Head Golf Professional Scott Bergdahl at **403-887-2477** or email scottbergdahl@telus.net
